## Declaration of Conformity

on plastic materials and articles intended to come into contact with food, referred to article 15 of the Regulation (EU) 10/2011 of the supplier

We hereby confirm that the above mentioned tubs made of natural white HDPE are in compliance with the requirements of the Regulation (EU) No. 10/2011, Regulation (EU) No 1935/2004, Regulation 2023/2006, Regulation 1907/2006 and the German Food, Commodities and Feed Code in the current version.

No substances with restrictions are used.

The above mentioned products are suitable for storing and transporting the following food categories:  
Aliphatic, aqueous, acidic, dry.

The operation temperature is - 10 to + 40 ° C.

The surface area to volume ratio, of the areas that come into contact with food, was tested to prove the conformity for material or object and the result is: 18 (725.707 mm<sup>2</sup> // 40.000 ml).

Duration and temperature of treatment and storage while contact with food: 10 days at 40 °C. Functional barriers were not used. The products do not contain so called "Dual Use" additives. Traceability is guaranteed because of a calendar clock and an item number. The user has to test if the products are suitable for fillings beyond the requirements of the referred regulations.

The declaration is based on our current state of knowledge and information provided by our supplier at the time that the document was drawn up.

The supplier – Bürkle GmbH in Bad Bellingen/Germany – is certified according to the standard DIN EN ISO 9001 by the DQS (German Society for Quality Assurance) since 1995. The number of the certificate is 2284-08.

This document has been translated for informative purpose. In case of doubt the German version is valid.
