

4201-xxxx All-purpose trays

## Declaration of Compliance

### Food regulatory assessment

Bürkle GmbH confirms that the products listed above are in compliance with the applicable requirements of the Regulation (EU) No. 1935/2004 and Regulation (EU) No. 10/2011 as amended in the current version.

The limit value for overall migration is 10 mg/dm<sup>2</sup> of the consumer item in accordance with EU Directive No. 10/2011 (most recently amended by EU Directive No. 1183/2012). The analysis tolerance is  $\pm 2$  mg/dm<sup>2</sup>. The representative test sample that was examined, "PP laboratory trays 4201-5070", meets the requirements of overall migration for all types of foodstuffs for all long-term storage at room temperature or below, including heating to 70 °C for up to 2 hours or heating to 100 °C for up to 15 minutes.

Contact surface/ volume: 0.6 dm<sup>2</sup>/100 ml (overall surface).

Our supplier confirms that the compounds used to manufacture the laboratory trays manufactured in Polypropylene, are suitable for food contact and they comply with the following Legislation:

- Commission Regulation (EU) No. 10/2011 of 14 January 2011 and subsequent modifications with Regulation (UE) 1245/2020 on plastic materials and articles intended to come into contact with food;
- Regulation (EC) No. 1935/2004;
- Regulation (EC) No. 1895/2005;
- Regulation (EC) No. 2023/2006;

Primary aromatic amines, specific migration method L. 00.00-6 (LMBG §35): the determined value by laboratory test is well below the admissible limit value according to Regulation (EU) No. 10/2011 of 14 January 2011 and subsequent modifications, on plastic materials and articles intended to come into contact with food.

Testing of products carried out by Accredited Laboratory proved suitability for contact with aqueous foods, acid, alcohol, oil or grease for which it is intended the use of simulants A, B, C, and D2, including the fulfilment of the applicable requirements of migration.

In the material there are no substances regulated by the 1333/ 08 / EC and Regulation 1334/08 / EC (also substances called "dual use" additives).

The products are manufactured in the European Community.

All the above mentioned products are heavy metals free.

The user is responsible for determining the suitability of the product in terms of requirements that exceed these directives for the intended filling material.

# ZERTIFIKAT CERTIFICATE

Pumpen | Probenehmer | Laborbedarf  
für Labor, Industrie und Wissenschaft

Pumps | Sampling | Plastic Labware  
for Laboratory, Industry, Science

The declaration is based on our current state of knowledge and information provided by our supplier at the time that the document was drawn up. The supplier – Bürkle GmbH in Bad Bellingen/Germany – is certified according to the standard DIN EN ISO 9001 by the DQS (German Society for Quality Assurance) since 1995. The number of certificate is 2284-08.
